

# RCPE Professional Aggregate Visibility

## RCPE-P-AGGV

This two-day professional level course covers the concepts and use-cases focusing on visibility, performance, and EUE monitoring.

The Riverbed® Certified Performance Engineering (RCPE) Professional Aggregate Visibility instructor-led training course is focused on creating dashboards and meeting the combined visibility needs for flow, packet, application performance, and EUE monitoring.

Whether your focus is network and infrastructure visibility, end-user experience and application visibility, or both, this is the last course in the learning path for professional level certification in each track.

After completing all offerings at the professional level, you are eligible to take the RCPE professional level certification exam in Infrastructure Visibility or EUE & Application Visibility.

## Learning Objectives and Capabilities

After completing this course, participants will be able to:

- Realize the importance of digital performance and visibility to the enterprise.
- Resolve the challenges of comprehensive visibility by aggregating data.
- Review how data sources are added to the portal.
- Review dashboard capabilities.
- Install the aggregate visibility solution.
- Configure the aggregate visibility solution.
- Customize enterprise dashboards and visualizations.
- Configure custom panels.
- Review the performance management workflow.
- Perform a drill down, pivot, and database analysis.
- Launch into other solutions.
- Edit dashboards and templates.

## Relevant Solutions Addressed:

- SteelCentral Portal, SteelCentral Aternity, SteelCentral AppInternals, SteelCentral AppResponse, SteelCentral NetIM, SteelCentral NetProfiler

## Course Availability

Cost: 20 Training Credits

Classroom training is available to prospective students and includes lectures by a Riverbed Certified Solution Instructor and access to the Riverbed eLabs for hands-on experience. Each class is priced per student attendee. We recommend dedicated classroom training for organizations with 8 or more students.

Dedicated Classroom Training is available exclusively for one customer at a customer-designated facility. Each class includes lectures by a Riverbed Solution Instructor and access to the Riverbed eLabs. Each class is priced per event and is ideally suited for 8 students to 14 students.

## Course Outline

<b>Design Workflow</b>	<b>Modules</b>
<b>Plan</b>	<ul style="list-style-type: none"><li>• Introduce Aggregate Visibility</li><li>• Review Dashboard Capabilities</li></ul>
<b>Build</b>	<ul style="list-style-type: none"><li>• Install &amp; Configure the Aggregate Visibility Solution</li><li>• Customize Dashboards</li></ul>
<b>Run</b>	<ul style="list-style-type: none"><li>• Build and Publish Application Models</li><li>• Analyze and Report on Application Performance</li></ul>

# Capstone Course to the Professional Level Network & Infrastructure Visibility and EUE & Application Visibility Certification Tracks
